Dear Susan,

I am grateful for the opportunity to provide such an exciting program as Futures for Kids (F4K) to the Granville County Schools community.

Our mission is to prepare our students today for a successful tomorrow, which means helping each student reach both short and long-term educational goals. F4K will be a valuable resource in that process, providing a means for the students to explore a range of options as well as the encouragement and understanding to plan for success. As a community, F4K offers the means to stand behind our educators, supporting and reinforcing the message of educational relevance to the students, our future workforce.

GCS is continuously working to improve our schools and enhance student achievement, and we are grateful to have the support of our citizens. I look forward to F4K joining that partnership, working alongside us as we help our students conceive and realize their dreams.

Sincerely,

Timothy J. Farley, Ed.D.
Superintendent
