Futures for Kids

800 St. Mary's St, Ste 304

Raleigh, NC 27605

February 10, 2009

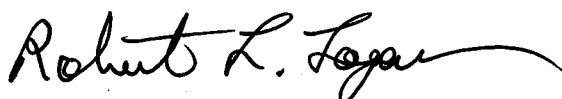

Dear Susan,

Thank you for your efforts to bring Futures for Kids (F4K) to Chatham County and engage our students in your excellent career exploration program. We believe that all children can learn but we must equip them with the tools and resources for success. F4K allows us to do this in a user-friendly, 21st Century technology manner.

We stress the significance of rigor, relevance and relationships to a child's education, all of which are intrinsic elements of F4K's purpose and structure. F4K introduces students to over 500 careers that begin with a high school diploma and helps to identify those which utilize their interests and passions. This process reinforces the connection between scholastic effort and future success. In addition, F4K connects students with Career Coaches and businesses within their community that can encourage and facilitate the student's goals.

I believe education is a shared responsibility and it truly takes a village to raise a child. F4K provides an electronic platform for our community to do just that, empowering our students to excel in school and in life.

Sincerely,

Robert L. Logan, *Superintendent*
