

### create

#### a focused career plan

- utilize the F4K interest assessment to identify and explore career options from a database of 550+
- select high-school specific courses based on career interests to reinforce the relevance of education
- save favorite careers and schools; create resumes

### manage

#### personalized portfolio

- upload and maintain files and documents in an easily-accessible location
- educators can view their students' career interests and saved files as well as share documents and links
- optional electronic registration component interfaces with NCWISE

### connect

#### with mentors and employers

- over 700 background-checked Career Coaches to answer questions on career message boards
- conversations saved to portfolio for NCGP documentation purposes
- explore work-based learning opportunities with area companies
